## WORK EXPERIENCE

### AY Business Solutions Pvt Ltd.

Python Intern

June-2024 - Dec-2024

Web developer Intern

Jan-2024 - April-2024

### BrainyBeam Info-Tech Pvt. Ltd.

Web design with react js

Jul-2023 - Aug-2023

### Sparks To Ideas

Python Internship

Jul-2023 - Aug-2023

## EDUCATION

### Babaria Institute Of Technology (GTU)

Bachelors in Computer science and engineering - 8.62

June 2020 - June 2024

## PROJECTS

### AI Blog Generator App

Dec-2024 - Jan-2025

- Developed a Django-based AI-powered tool using OpenAI's model to generate SEO-friendly blog content from video links. Integrated with YouTube API for video processing and NLP techniques for content structuring and summarization.

### Image Recognition System

Sep-2024 - Dec-2024

- Built a Django-based image recognition app using TensorFlow/PyTorch and OpenCV for image classification and object detection. Designed a user-friendly interface for seamless uploads and result visualization.

### Educational Resource Management System

Dec 2024 - Jan 2025

- Developed a Django-based web application that allows students to efficiently download study materials with user-friendly navigation, secure access, and organized content management. Added a quiz section to enhance learning, enabling students to test their knowledge with interactive assessments.

### Portfolio Builder

Dec-2024 - Jan-2025

- Built a dynamic personal portfolio using Django, featuring responsive design, project showcases, and seamless user interaction to highlight skills and achievements.

### Corporate Management System

April 2024 - June 2024

- Developed a dynamic CMS using PHP for backend and ReactJS for frontend, enabling content management with interactive UI components. Implemented features for content creation, updating, deletion, and role-based access control.

### Gym Web App (Java)

Dec 2023 - Feb 2023

- Developed a gym management app using Java, featuring user registration, membership management, recent updates on gym activities, and an admin panel for managing schedules and user data.

## SKILLS

- Languages and Framework: Java, JavaScript, ReactJS, PHP, HTML, CSS, Django, Python
- Database: MySQL, MongoDB
- Tools: Git, MS Excel & other MS applications
- Soft Skills: Teamwork, Problem Solving, Adaptability, Creativity, Time Management, Communication

## LANGUAGE

English, Gujarati, Hindi
